

RCPT 436 Research & Technology Applications
Technology Portfolio
Movie Maker Assignment

Create a video with at least five movie clips and three pictures. Also include:

- a title page created in PowerPoint
- end credits created in Movie Maker
- video transitions between clips
- video effects applied to at least one video clip and one picture
- at least two trimmed video clips
- photos that show for three seconds or less
- a musical track

Save Movie File.

- Follow Save Movie Wizard instructions to save to H: drive.
- Under Movie Settings, click on the "Show More Choices" option.
- Click "Other Settings." Choose "Video for Broadband (150Kbps)"

Send the .wmv file (NOT .MSWMM) to instructor as an email attachment.

This assignment is worth 15 points and is due in one week.
